Long layer haircut classes require hair LONGER than the shoulders.

All class services include a "Moment of Wellness" scalp, neck, and shoulder massage, personalized recommendation for Aveda haircare, and complimentary Finishing Touch.

Each long layer technique has a specific shape to it. Please send photo to info@atelieraveda.com with your requested class date so we can be sure your hair is best for the technique we're doing.

Models have a unique opportunity to watch and listen as our Prote'ge's learn the architecture of haircuts, and the art and science behind creating haircolor. If you are interested in being a model, email us your photo, showing your current haircut at info@atelieraveda.com. All models must be available for the entire appointment, which can range from 2 hours in length for a haircut. Price varies depending on class subject. Your participation is essential for these passionate artists to hone their craft. We appreciate your commitment to this goal by being here for your class appointment. Model appointments are subject to a 24-hour cancellation policy, and models who don't honor their appointment will not be able to book another appointment. 408-244-4222.
